About Boyle McCauley Health Centre

Boyle McCauley Health Centre provides interdisciplinary, team based, integrated, comprehensive, and person-centered primary health care for vulnerable Edmontonians with complex needs. Through primary care and health promotion, The Boyle McCauley Health Centre improves the quality of life and well-being of populations and individuals who face multiple barriers to accessing health services. The BMHC achieves this by providing the highest standard of evidence-informed and client focused inter-professional care. We collaborate with our clients to address the broad determinants of health.

About BMHC Dental Clinic

BMHC's Dental Clinic is a unique clinical practice that prioritizes dental care accessibility for individuals who may not otherwise be able to access, or afford, dental care. BMHC offers dental care on a sliding fee schedule based on an individual or family's income, and also prioritizes inclusive, non-judgmental, trauma-informed care. The Dental Clinic provides restorative and preventative care, and features associate staff dentists as well as a partnership with University of Alberta dentistry and dental hygiene students.

Job Description

The Registered Dental Assistant (RDA) role provides clinical support chairside to the dentistry team, and also throughout the dental clinic as a whole where required. The RDA is a vital team member who is responsible for clinic flow, upkeep of the operatories, clinical assistance, general support duties throughout the dental clinic. This includes:

- Chairside assistance with dental procedures
- Management of patient flow throughout the clinic

- Upkeep of operatories and equipment, including sterilization and organization of all clinical tools
- Compliance to all relevant Alberta practice standards, including ADA&C standards and infection prevention & control guidelines

Qualifications

- Registration with the College of Alberta Dental Assistants as a **Registered Dental Assistant** in good standing
- Mandatory vulnerable sector check and suitable criminal record check

Skills and Competencies

- Able to balance numerous demands and conflicting priorities, strong problem-solving skills
- Prior experience with Dentrix an asset, as well as Office 365 software suite
- Be able to work both co-operatively within a multidisciplinary team, and also independently in a self-directed and accountable manner
- Ability to demonstrate patience and understanding for those with addictions and behavioral disorders
- Excellent written and verbal communication skills
- Has a good understanding of trauma-informed care, and must be able to operate within a harm reduction model of care
- Knowledge and experience working with diverse and marginalized populations

Salary: a competitive compensation package commensurate to experience will be provided
